

A warm welcome to our restaurant UIT INDIA for a relaxing experience with authentic Indian flavors, smells and colors.

Maanish Abrol: 'My dream is to provide an atmosphere for my guests where they feel valued like a king while enjoying pure Indian, vegetarian, five star quality food, but for a reasonable price.

In my restaurant, you will find talented and ambitious Indian top Chefs to guarantee the quality of traditional Indian food, while embracing the new Indian cuisine formats that continue to excite the adventurous.

Having India as my motherland, good food as my passion and spirituality in my blood, it is a logical step to integrate the growing awareness of this new age in my work. In UIT INDIA you will only find one hundred percent vegetarian recipes as well as some vegan choices. But even meat lovers are eager to come back because neither do they miss the meat, nor taste the difference between Chicken masala and our veg 'Chicken' masala.

We use rich ingredients for our dishes, like cashewnuts, ghee and real saffron; we make our own unique blends of ground spices (masala's), and we avoid the microwave.

If you opt for 'mild', you will have mild food, but delicious and full of flavor.

Enthusiastic? Spread the word. Suggestions or complains? You are welcome to tell us.

My wish would be to facilitate an experience of taste, joy, togetherness and to create a beautiful memory. Feel welcome!
